OVERVIEW

I am a self-motivated UI/UX Engineer with an unending curiosity to learn new technologies and trends related to web development. I love designing and writing code aligned with industry best practices, ensuring that other developers are able to easily understand and utilise my code. Picking up new tools and technologies for a project isn't a problem.

Team player. Flexible. Fast learner.

TECHNICAL SKILLS

- Excellent in HTML5, CSS3, JavaScript, Bootstrap and ZURB Foundation
- Expert in UI/UX design software (Figma and Adobe XD)
- Excellent in utilising CSS pre-processors (SASS and LESS)
- Excellent in version control system (Git)
- Excellent in DevOps tool (Azure DevOps)
- Hands-on experience with Angular, React, Angular Material, Laravel, Redux and NPM
- Good at Node.js and REST API
- Good at CMS development (WordPress)
- Goode at Vue.js, Ruby on Rails, React Native, MongoDB and MySQL
- Hands-on experience with SEO, Google Analytics and Google Search Console
- Hands-on experience with Adobe Creative Cloud (Photoshop and Illustrator)
- Develop reusable components that enable engineering in every sprint
- Impeccable attention to detail

SOFT SKILLS

- Strong communication, negotiation and influence skills
- Able to work independently and as part of a team
- Commitment and dedication towards work
- Time management and work under pressure
- Leadership ability and aptitude

EXPERIENCE

UI Engineer – Atera Technologies

February 2020 – present

Gathering and evaluating user requirements, in collaboration with product managers and engineers to create the design mock-ups and write the actual code to build responsive websites and web applications. Currently focusing on carving the front-end techs.

Web Developer – BT Options

February 2019 – February 2020

Worked with the senior software engineer as a web developer, using numerous technologies. Role includes contributing to system design discussions, researching technologies and frameworks, and completing development tasks. Successfully completed two web development projects. Additional duties include content management for the company websites.
